SC403

RFID Standalone Access Control System

SC403 is a RFID-based access control terminal. SC403 has relay contacts for door lock, alarm, exit button and door sensor. Its Wiegand-in interface allows the SC403 to connect externally attached ZK slave readers, as well as, connection to third party Wiegand-out readers.

It's Wiegand-out interface allows the SC403 to connect with Wiegand access control panels. The SC403 can be managed by its keypad and LCD display, or through a PC using ZK's free management software.

SC403 communication ports include TCP/IP and RS232/485. Sc403 also has a USB-host port for offline data access and management.

Features

- Sleek and elegant design
- Flash and go reader is highly accurate and extremely fast
- NO/NC relay contacts for door strike and peripheral electronic devices (alarm, bell, exit switch, etc.)
- Large LCD display for ease of operation
- Audio Visual indication using speakers and LEDs
- Can also be used in PIN only mode
- Free Access Control Software for managing the readers and programming time zones, groups and collecting logs
- Can work independent of computer and you can also download the logs and backup users on a USB flash drive
- Multi-language display available on request

Part Numbers

SC403 Standalone Proximity Reader

SC403-M Standalone Mifare Card Reader

SC403-HID Standalone HID Card Reader

Specifications

Capacity

- Cards: 30,000
- Transactions: 50,000

Display

- Black & White LCD screen

Communication

- RS232/RS485
- TCP/IP
- USB-Host

Power

- Power Supply: 12V DC, 3A (optional)

Environment

- Operating Temp: 32-105° F (0-45° C)
- Operating Humidity: 20% to 80%

Dimensions

- Height: 9" (143 mm)
- Width: 6" (95 mm)
- Depth: 2.5" (40 mm)

Packaging

- Dimension: 9" x 10 1/2" x 3 1/2"
- Weight: 3 lbs. (48 ozs.)

Configuration

ZK US Office

201 Circle Drive North, Suite 116
Piscataway, NJ 08854
United States
